

“Supporting the business interests and improving the quality of life for the residents of Franklin and Simpson County” has been the goal of the Franklin-Simpson Chamber of Commerce since 1937. Partnering with the city and county, as well as the Franklin-Simpson Industrial Authority, the Simpson County School District and other organizations, the Chamber works hard each year to provide excellent opportunities for businesses to connect to our community and its citizens.

This strong alliance within our community is a key reason Franklin and Simpson County continues to grow and prosper. The Chamber of Commerce endeavors to stay involved by contributing leadership and resources to many essential projects in the area. These projects are for the well-being of our citizens and can happen only with a broad base of support. That is why membership in the Chamber is so vital.

A strong Chamber of Commerce is essential for supporting the growth of our business community. One great way to further your own personal effectiveness is to participate in Chamber-sponsored events and take advantage of the many networking and leadership opportunities offered through the Chamber.
